

THE ESCAPE GAME

Are you ready to be transported to another time and place where you will need to think out the box and work as a team to escape?.

Grab your friends, family or work colleagues and enjoy a real live Escape Game.

Come and experience this global entertainment phenomenon.

Escape Game is a live puzzle game. You have 60 minutes to unravel the mystery of a hidden room, working as a team of 2-6 to solve a variety of quirky and inventive puzzles to escape. Your teams will have to take on a custom designed Escape Game. The first team to make it out of their Zoom Room and back into the master meeting wins!

TEAMS

This activity is
Ideal for any
corporate team
building event.

ENTERTAINMENT

Perfect for groups
of friends, work
colleagues, or
families.

PARTIES

We structure
events to suit you
and your specific
requirements.

THE ESCAPE ROOM

We have created an online escape room event which provides a challenging and fun at home escape room experience.

It can be played by an individual, couple, family or corporate team.

It can be played in one location or across multiple locations using Zoom, phone, Skype, or any other similar platform.

The game will likely take between 1 and 2 hours as you navigate the "**ESCAPE ROOM**" challenges.

You will want to play on a computer or laptop. However, an iPad or tablet might suffice. You will need a phone and we recommend paper and pen/pencil to take notes. One of the team members should have a printer to print out a few items.

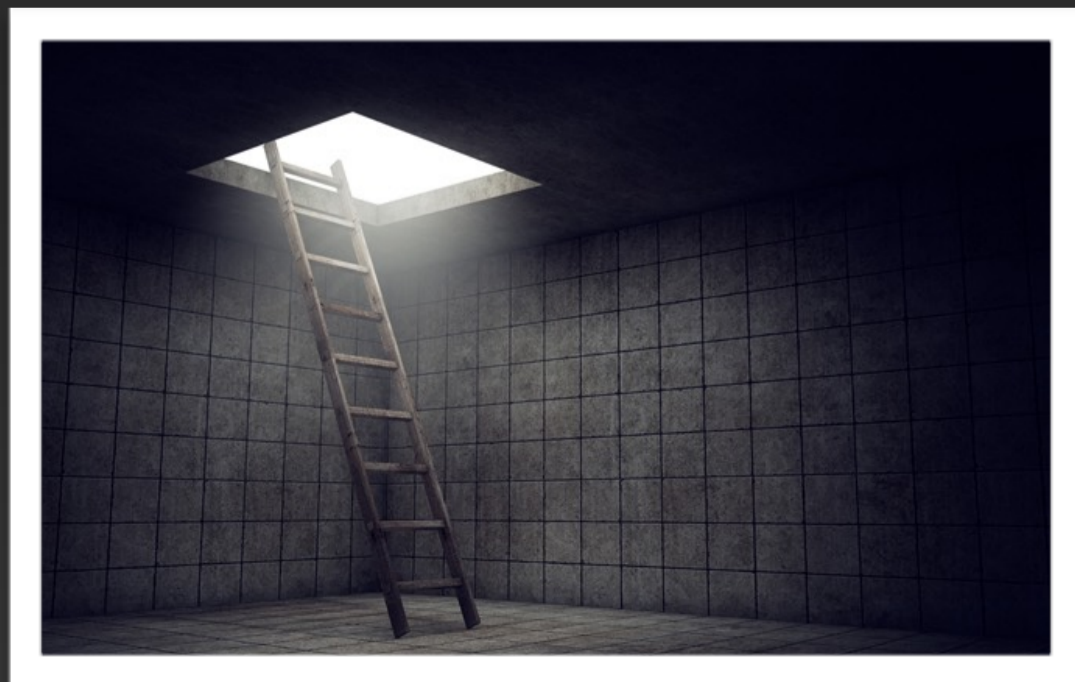

You should also expect to use any resources at your disposal to solve the puzzles.
